What I tell you in the dark, speak in the daylight; what is whispered in your ear, proclaim from the roofs.

Matt 10:27
Implantable Quantum Dot Microneedle Vaccination Delivery System

THE POINT OF THE NEEDLE TIP DOES NOT DISSOLVE!!

Fluorophore

Slow-degrading or non-degradable polymer

Dissolvable material

Camera Flash

Skin

FIG. 1B

YOUR IDENTITY CAN BE READ WITH A SMART PHONE

THIS IS THE ACTUAL PATENT APPLICATION
These are formed of a biodegradable polymer that dissolves upon insertion into skin or tissue, so that the microneedles break off from the substrate forming the patch, remaining in the skin/tissue at the site of insertion.
In some embodiments, the NIR emitting inorganic dye is semiconducting nanocrystals of copper or silver, which may be encapsulated in a poly methyl methacrylate (PMMA) microparticle for embedding in the microneedles.
Here is what remains in your body forever

The tip never dissolves!

Excerpt from Patent Page 36

14. The microneedle array structure of any one of claims 1-13 wherein the agents to be delivered are preferentially located in the tip of the microneedle which remains in the body after the needle dissolves sufficiently for the flexible base to fall off.

Implantable Quantum Dot Microneedle Vaccination Delivery System
HERE IS WHAT IT IS MADE OF

Optionally, the microneedle may contain other materials, including metals, ceramics, semiconductors, organics, polymers, and composites. Preferred materials of construction include pharmaceutical grade stainless steel, gold, titanium, nickel, iron, gold, tin, chromium, copper, alloys of these or other metals, silicon, silicon dioxide, and polymers.

Quantum dots as dyes for the microneedles can be produced from inorganic material, generally inorganic conductive or semiconductive material including group II-VI, group III-V, group IV-VI and group IV semiconductors. Suitable semiconductor materials include, but are not limited to, Si, Ge, Sn, Se, Te, B, C (including diamond), P, BN, BP, BAs AIN, AlP, AlAs, AISb, GaN, GaP, GaAs, GaSb, InN, InP, InAs, InSb, A AIP, AlAs, AISb, GaN, GaP, GaAs, GaSb, ZnO, ZnS, ZnSe, ZnTe, CdS, CdSe, CdSeZn, CdTe, HgS, HgSe, HgTe, BeS, BeSe, BeTe, MgS, MgSe, GeS, GeSe, GeTe, SnS, SnSe, SnTe, PbO, PbS, PbSe, PbTe, CuF, CuCl, CuBr, CuI, Si₃N₄, Ge₃N₄, Al₂O₃, (Al, Ga, In)₂ (S, Se, Te)₃, Al₂CO, and appropriate combinations of two or more such semiconductors.

INORGANIC MATERIALS
SEMICONDUCTORS
DNA MODIFIERS
DYES
ACTIVE AGENTS

Exemplary active agents can be proteins or peptides, sugars or polysaccharides, lipids, nucleotide molecules, or combinations thereof, or synthetic organic and inorganic compounds such as a low molecular weight.

YOU WILL BE MODIFIED
YOU WILL BE CHANGED
YOU WILL BE A HUMAN_ANTENNA

Implantable Quantum Dot Microneedle Vaccination Delivery System
Tattoo markings of different sizes and spacing are read with a smart phone.

Implantable Quantum Dot Microneedle Vaccination Delivery System

Luciferase; an enzyme that catalyzes the oxidation of a luciferin, causing it to produce a visible glow.
The patches have applications in the defense industry, as well to mark soldiers without using invasive means such as a chip, or means such as a “dog tag” which may be lost, providing an alternative means of identification or medical record, optionally while at the same time administering vaccines.

Generally, medical information is readily available by imaging the skin tattoo to access the impregnated information, and does not require a patient database. Alternatively, patient information including his/her medical history is stored and downloadable from a database with data collected and interpreted from the tattoo markings on patient.
Bill Gates wants everyone to have a “quantum dot tattoo” microchip inserted in their bodies.

“Eventually we will have some digital certificates to show who has recovered or been tested recently or when we have a vaccine, who has received it.”

The question of which businesses should keep going is tricky. Certainly food supply and the health system. We still need water, electricity and the internet. Supply chains for critical things need to be maintained. Countries are still figuring out what to keep running.

Eventually we will have some digital certificates to show who has recovered or been tested recently or when we have a vaccine who has received it.
Rev 13:6 And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

χάραγμα
Transliteration charagma (Key)
Pronunciation khâ'-râg-mâ (Key)

1. a stamp, an imprinted mark
   1. of the mark stamped on the forehead or the right hand as the badge of the followers of the Antichrist
   2. the mark branded upon horses
2. thing carved, sculpture, graven work
   1. of idolatrous images

From the Greek Root Word; charax (Key)

1. a pale or stake, a palisade
2. a palisade or rampart

Bottom Line-DO NOT TAKE THE VACCINE. DO NOT TAKE THE MARK!

Implantable Quantum Dot Microneedle Vaccination Delivery System
Rev 14:9-11

And the third angel followed them, saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or in his hand, The same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb: And the smoke of their torment ascendeth up for ever and ever: and they have no rest day nor night, who worship the beast and his image, and whosoever receiveth the mark of his name.
Rev 13:17:
And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.

Rev 13:18:
Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.
Use your phone
And your identification
Mark to buy and sell.

You will receive digital currency for responding with the proper body response and identification.

FIG. 1
To authorize the Secretary of Health and Human Services to award grants to eligible entities to conduct diagnostic testing for COVID–19, and related activities such as contact tracing, through mobile health units and, as necessary, at individuals’ residences, and for other purposes.

This Act may be cited as the “COVID–19 Testing, Reaching, And Contacting Everyone (TRACE) Act”.

SEC. 2. COVID–19 TESTING AND CONTACT TRACING USING
Here is the summary!

- Microneedle vaccine does not fully dissolve - tips remain
- Microneedle vaccine delivers quantum dots that glow under IR
- Microneedle delivers semiconductors, dyes, active agents such as DNA modifiers, and other metallic components like silver
- Microneedle vaccine creates a biometric identification through patterns, spacing, and fluorescent wavelengths
- Microneedle vaccine uploads to Cloud to validate medical records
- Microneedle vaccine will serve as a mark for buying and selling through patent application ending in 060606
- Bill Gates and ID2020 and House Bill 6666 all promote this agenda

Mark 10:27:
What I tell you in the dark, speak in the daylight; what is whispered in your ear, proclaim from the roofs.
Do Not Fear! But put your Faith in Jesus!

- Do not take the mark!
- This has been foretold in the Bible! Revelations Chapter 13, 14
- The Bible is Truth!
- Jesus is the answer! John 3:16
- Trust in Him for salvation!

John 6:37 “All that the Father giveth me shall come to me; and him that cometh to me I will in no wise cast out.”

Mark 10:27:
What I tell you in the dark, speak in the daylight; what is whispered in your ear, proclaim from the roofs.
